

POLICE INVESTIGATION LEADS TO EXPLOSION

Alexander Brailowsky, a Russian Journalist, Has Been Arrested and is Being Held Without Bail, Charged With Being an Undesirable Alien—Admits Having Been in the Financial District a Short Time After the Explosion Occurred—Only Body That Remains Unidentified Might Be That of the Driver of the "Death Wagon" — 100,000 Persons Visited the Scene of the Explosion Sunday.

New York, Sept. 19.—Department of justice agents and the police were still without a definite clue tonight to the identity of the person or persons responsible for Thursday's explosion. Wall Street.

Alexander Brailowsky, a Russian journalist, who was arrested late yesterday on information furnished by an anonymous correspondent, admitted having been in the financial district a short time after the explosion occurred. He still being held without bail on a charge of being an undesirable alien.

William J. Flynn, chief of the bureau of investigation of the department of justice, declared tonight that he placed no special significance in Brailowsky's arrest, but that he was being questioned and held in conformity with the department's policy "not to overlook any leads" and to follow up on "leads" that may develop in the course of the investigation.

The "body" in any way personally responsible for the disaster has yet been made known by the authorities. They are, however, that he would be questioned further and an effort made to locate the three men with whom he was seen talking at Pine and Nassau streets less than an hour after the blast. He vehemently denies being implicated in the supposed plot.

The only other important development within the past twenty-four hours was a suggestion by Medical Examiner Norris that the body remaining unidentified since Friday had been found by the police in the "death wagon" which was abandoned near the scene of the explosion. Norris said that the body was found in a "death wagon" which was abandoned near the scene of the explosion. Norris said that the body was found in a "death wagon" which was abandoned near the scene of the explosion.
